

REMARKS

The Examiner is respectfully requested to enter the foregoing amendment prior to examination of the above-identified patent application.

The amendments to the claims made in this amendment have not been made to overcome the prior art, but rather to remove means language from the claims, and thus should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto. The amendments to the Abstract have been made to remove the reference numbers.

Should there be any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully Submitted,  
Sou SHINAGAWA et al.
